Arniston House - Estate Worker

Arniston House, a renowned stately house built by William and John Adam and the present day home to the Dundas-Bekker family have a vacancy for a general estate worker to join their existing team in the daily management and conservation of this historic property and grounds.

A rewarding opportunity to be part of a focused team working closely with the family on the maintenance of the interior of the House, managing the grounds and wider designed landscape and providing support to the House openings and other commercial activities.

Applicants from a wide range of backgrounds including trades, agriculture and forestry would be considered as the role utilises various skills. A willingness to work with others, a positive attitude towards health and safety and a clean driving licence are essential.

Applicants seeking a full or a part-time position will be considered. The package will be commensurate on experience and could include accommodation.

Interested parties should send details of their experience to the Estate Factor, Thomas Stanley:
